

# The Daily Courant.

Saturday, November 1. 1718.

From the Amst. Gazette, dated Nov. 4.

Madrid, October 11.

**A** Fiscal whom the Court ordered to go to Biscay, to take Informations of the Disorders lately happen'd there, was oblig'd to stop at Burgos, upon Advice that all the Province was in Arms. Part of the Cavalry that was sent thither to appease that Sedition, are arrived within five Leagues of Bilbao, where they wait for Don Bias del Oya, who is upon the Way to put himself at the Head of the Troops that are in that Province. The Chiefs of the Malecontents who are in Arms, have written a Letter to the King, whereby they promise Obedience and Submission to his Majesty's Orders; but they hope from his Justice to be establish'd and maintain'd in their Rights and Privileges, for the Preservation whereof they are resolv'd to hazard their Lives and Estates.

From the Hague Courant, dated Nov. 4.

*Bilboa*, Oct. 14. Having received certain Advice, that some Spanish Horse are approach'd near Vittoria, 6 or 7 Leagues from hence, we are in the utmost Concern; the rather, because we hear the Court will not listen to the Request of this Province. Orders are come higher, not only to seize all the English Effects, but also to fit out Privateers against the Merchant Ships of that Nation.

*St. Sebastian*, Oct. 15. In Regard that there is no Appearance that the King will restore to this Province their ancient Rights, the Nobility have this Day held a General Assembly three Leagues from this City, in Order to draw up a new Address to the Court.

From the Amst. Gazette, dated Nov. 4.

*Milan*, Oct. 18. Last Week the rest of the Troops were sent away for Genoa, to be there imbarck'd for Reggio. Two Regiments of Cuirassiers of Lobcowitz and Sultzbach, who are arriv'd at Mantua from Hungary, have Orders to pass to Naples, after they had rested themselves some Days. An Edict has been published in this City, whereby all Strangers who possess Estates in the Milaneze, or have Money in the Banks, are enjoyn'd to give one third Part of their Revenues to the Emperour, or depart the Country. The Imperial Troops that are upon the Frontiers have stop't two Expresses dispatch'd from the Court of Madrid to that of Parma.

*Venice*, Oct. 21. The Marshal Count de Schuylenburg arrived on Sunday in this City, after having finish'd his Quarantine. And on Wednesday he was present at a Review that was made of above 2000 Soldiers, Germans and Grisons. The former whereof are to pass into the Service of the Emperour in Italy, and the others will be sent to the Veroneze.

*Milan*, Oct. 23. Some Imperial Troops defile off from hence towards the Frontiers

of Piedmont. Those who are to pass from Genoa to Reggio, are not yet imbarck'd. It appears by the Intrigues of the Spaniards in Italy, that they try all Ways to change the Face of Affairs, and divert if possible the Accommodation between the Emperour and the King of Sicily; and 'tis said the Pope works in it under-hand, and that in the mean time, his Accommodation with the Court of Madrid advances apace.

From the Amst. Courant, dated Nov. 5.

*Copenhagen*, Oct. 29. Yesterday in the Forenoon the King return'd hither from Fredericksburg. M. Goes, Envoy of their High Mightinesses, who has resided here above 30 Years, hath sent his Baggage on Ship-board, and intends to depart in a Fortnight, to pass by Land to Holland; and M. Opdorf his Secretary is provisionally appointed to take Care of the Interests of the States General at this Court. The English Squadron that is come into our Road is preparing to sail homeward with the first fair Wind. And 'tis said our Danish Squadron will return again into the East-Sea to remain there as long as the Season of the Year will permit.

*Dresden*, Oct. 29. We hear from Grodno, that the Dyet have resolv'd upon a solemn Ambassy to be sent to the Czar, to desire him to withdraw his Troops intirely out of Poland; and that it was under Consideration to adjourn the Dyet in the mean time to Warsaw. And from Vienna we hear, that Count Fleming will remain some time there, but that the Electoral Prince will return hither in a short time, which will occasion a great Joy here among all sorts of People. We are extremely pleas'd to hear that the Duke of Saxe-Zeitz is return'd to the Protestant Church, and that his late Confessor, a Jesuite named Smeltzer, is driven away with the utmost Indignation. But we hear not yet that the Chapter of Naumburg have re-elected him their Administrator.

*Hamburg*, Nov. 1. We hear from the Mecklenburg, that the Russians who lay before Rostock were march'd into Gustraw and Malchin. But that having received fresh Orders, they are return'd to Rostock, giving out that they were in no Fear of the so long threaten'd March of the Circle-Troops; and that the Duke of Mecklenburg had let his Nobility know, that the Eight Months Contribution that had been demanded, must be paid, upon the Penalty of Military Execution. They write from Petersburg, that the Imperial Minister there is recall'd, for many Reasons, but principally on Account of the Death of the Czarowitz.

*Brussels*, Nov. 5. A Guard-house for 50 Soldiers is built on the Plain over against the Lodgings of the Marquis de Prié. Yesterday the Troops who have so long lain in camp'd in the Park, for the Security of the publick Peace, broke up, and are return'd into the City, to be quarter'd in the Burghers Houses.

London, November 1.

Sir John Norris arriv'd on Wednesday last at the Buoy in the Nore, from whence he writes from on board the Cumberland, that having sail'd from Copenhagen the 22d of October, an Express dispatch'd from the Court of Denmark overtook him the same Night at Elsinore, where he anchor'd, with Advice, that his Danish Majesty had receiv'd Letters from Norway, dated Oct. 15, N. S. with Advice, that the Body of Swedish Troops that had penetrated on the Side of Drontheim, being press'd by Famine and Sickness, were oblig'd to retire; and that according to all Appearances they must have lost a great many Men in their Retreat, which was extream difficult, being continually harass'd by the Parties of the Danish Troops, and arm'd Peasants who were sent to pursue them. The same Letter adds, that General Budde had received the Succours he expected from Christiania, so that the City of Drontheim is out of all Danger.
